This Agreement is for electric generation service between Clearview Electric, Inc. dba Clearview Energy (“Clearview Energy”) and Customer. Customer and Plan information can be found in the Product Information Chart. The Product Information Chart is hereby made an integral part of the Agreement. Clearview Energy is certified as a Competitive Retail Electric Service (CRES) provider by the Public Utilities Commission of Ohio (“PUCO”) [Certificate # 16-1076E]. Clearview Energy establishes your electric supply rate. The PUCO regulates the distribution rates of your Electric Distribution Utility (“EDU”). The Federal Energy Regulatory Commission regulates transmission prices and services.

PLEASE READ THIS DOCUMENT CAREFULLY. This Agreement is the entire contract between the parties and supersedes any prior written or oral representations.

1. **Right of Rescission**

You may rescind this transaction within seven (7) calendar days following the postmark date on the electric utility’s confirmation notice. To rescind enrollment, please contact your EDU at the number provided in Contact Information. This Agreement is not legally binding until the rescission period has expired and you have not, directly or indirectly, rescinded your selection. The Customer is liable for all Clearview Energy charges until all Clearview Energy charges until the Customer returns to the EDU or another supplier.

2. **Price of Electricity**

The price in cents per kilowatt includes: electric generation supply, transmission, capacity charges,

and renewable energy credits in the Independent System Operator’s (or equivalent’s) market; any applicable state and/or local taxes; and a margin adder. The price of electricity may include a Monthly Base Charge as outlined in the Plan Information Box. Clearview Energy’s supply charges do not include any EDU charges applied to the Customer.

If Clearview Energy would like to propose a change to a fixed kilowatt rate product, you will be notified by the process described in Change of Terms. Fixed price products may change due to new or modified federal, state or local laws; or regulatory actions that impose new or modified fees. All pricing can be viewed at www.ClearviewEnergy.com.

3. **Billing and Payment**

You will receive a single bill from your EDU that includes Clearview Energy’s generation supply charges as well as the EDU’s delivery charges. By the acceptance of this Agreement, you authorize the EDU to provide billing and payment information to Clearview Energy. Clearview Energy’s supply charges include the fee for electric generation service and transmission. This Agreement does not include EDU delivery charges. Clearview Energy does not offer budget billing options for the generation supply portion of your bill. However, you may be able to continue with budget billing on the EDU portion of your bill if the EDU allows.

The Customer will pay each invoice in full according to the EDU prescriptions. The Customer will continue to receive a single bill on a monthly basis.

Customer payments remitted in response to a consolidated bill shall be pro-rated in accordance with procedures adopted by the PUCO. If the Customer fails to remit payment when due, Clearview Energy reserves the right to terminate supply service and return you to your EDU after providing you with fourteen (14) days' notice.

For any payment sent directly to Clearview Energy, which is returned by your financial institution for any reason, Clearview Energy will charge \$20.00 for each payment transaction that is returned unpaid or not processed including: (1) returned checks, returned electronic fund transfers, and (3) any other form of dishonored payment. This charge will be reflected as NSF fee on your next bill, if applicable.

4. Renewable Energy Product

Supports 100% green energy producers in the United States through the purchase of Renewable Energy Certificates equivalent to the power you consume.

5. Terms of Renewal

The Agreement Term and Effective date can be found in the Product Information Chart. Upon expiration of your fixed term, your service will automatically continue under a Clearview Energy variable month-to-month renewal product for which rates may change at Clearview Energy's discretion outside of any applicable promotion. You will receive one (1) renewal notice forty-five (45) days prior to the renewal date. If you do not respond to the renewal notice, at its discretion, Clearview Energy may renew your account under the terms described in the renewal notice.

6. Termination

If you terminate this Agreement prior to its expiration, you will be charged an Early Termination Fee. Your service will remain in effect until such time as the EDU completes the termination in accordance with its rules. However, you may terminate this Agreement without penalty as a result of relocation, disability that renders the customer of record unable to pay for Clearview Energy's service, or the customer of record's death.

Upon termination of this Agreement, a final bill will be rendered within twenty (20) days after the final scheduled meter reading or, if access is unavailable, an estimate of consumption will be used in the final bill which will be true-up subsequent to the final meter reading. Clearview Energy does not physically cut off electric service, only your EDU may do that. If Clearview Energy cancels this Agreement for any reason other than non-payment you will be mailed one (1) notice between forty-five (45) and ninety (90) days prior to your service being returned to the EDU's supply service.

7. Switching Back

If you switch back to your utility company you may or may not be served under the same rate, terms, and conditions that apply to other customers served by the electric utility.

8. Change in Terms
